10.45-12.00 p.m. - Session One

Mission Creep and Burnout - *We have, over the last few years, promoted the library as the "community center" that could be everything to everyone. Explore Mission Creep and Burnout and discuss how they affect our libraries and our personnel. Learn to help your peers navigate the changing face of librarianship and mitigate burnout as a result of mission creep.* LBPH Meeting Room

Contaminated Materials - *This session will be a discussion of contaminated materials (e.g. mold and bed bugs), how they affect libraries and customers, and how library systems can develop procedures for handling these issues. Participants will learn how to navigate conversations with customers when items are returned with bed bugs or other signs of damage. A list of resources to assist with these concerns will be provided.*

2nd Floor Shared Conference Room

Social Work in Libraries - *Come learn how this innovative program got started! Learn to identify social support resources in your community and how to effectively engage with customers to ensure successful referrals to those agencies.*

Public Computer Center

12.00 - 1.00 p.m. - Lunch - 3rd Floor Corridor

1.15 - 2.30 p.m. - Tour of SLRC for all Attendees

2.45 - 4.00 p.m. - Session Two

Newsline - *Did you know you can access NFB-NEWSLINE on your iPhone, iPod and iPad through the iOS Mobile App? You will learn how to gain immediate access to over 70 magazines, how to share breaking news stories on social media, use the global search function to find articles on specific topics, navigating your favorite publication, the differences between publications and subscriptions, and much more.*

LBPH Meeting Room

Introduction to SLRC Services - *Join us for an introduction to SLRC services. Learn about Maryland's inter-library loan system, SAILOR databases, Public Programs, Librarian training and our reference support services. We'll tell you how to find out more, and how to connect with us.*

2nd Floor Shared Conference Room

Digitization & Memory Lab - *Frederick County Public Libraries' Memory Lab features analog-to-digital conversion equipment and video editing software. This mobile lab enables patrons to digitize family memories, record family histories, and remix them into a personal narrative. The Memory Lab also makes it possible for residents to share their stories in filmed oral history interviews which will be collected by FCPL's Maryland Room and made accessible via Digital Maryland.*
